

Animal Nutrition & Health

DSM Poultry Sustainable Farming Solutions

The global demand for poultry meat and eggs is growing at a phenomenal rate. The poultry sector will need to evolve and innovate in line with this demand.

DSM offers a wide range of Solutions & Services to lead a robust and achievable transformation worldwide toward sustainable poultry farming.

Our **ESSENTIAL** and **INNOVATIVE SOLUTIONS** are developed to help poultry farmers meet the challenges they face:

- Improving Nutrition & Performance
 - Driving Feed Cost Optimization
 - Promoting Gut Health
 - Mycotoxin Risk Management
 - Supporting Optimal Growth
- Supporting Poultry Health
- Enhancing End-Product Quality
- Ensuring Sustainability & Animal Welfare
- Safeguarding Feed Quality

Our **PRECISION SERVICES, Sustell™** and **Verax™**, use the latest data analytics and diagnostics to improve animal health, lifetime performance, resource use, and environmental footprint — while mitigating risks and unlocking more value. Greater precision in animal farming is key to a more sustainable and profitable future.

We also offer a range of analytical services, **Spectrum Top® 50** and **Spectrum 380®**, to detect mycotoxin contamination in feed materials, while our **Mycotoxin Prediction Service** uses an algorithm-based forecast to help crop producers, buyers and users make sound decisions in terms of purchasing, quality control and crop management.

These cutting-edge DSM products & services provide a wide range of benefits: they can help increase production and productivity, improve welfare, reduce environmental impact, and enhance product quality.

For more information, please contact your DSM local representative or visit www.dsm.com/anh.

DSM Poultry Sustainable Farming Solutions

DSM

BRIGHT SCIENCE. BRIGHTER LIVING.

DSM Poultry solutions

We strongly believe in sustainable food systems and that the poultry industry can transform itself from within to be part of the solution.

We want to play a key role in this transformation and work with our partners at species and country level, to provide tangible and actionable solutions to create brighter lives for all.

At DSM, we're focusing our passion and expertise on five efficient & sustainable solutions to support the poultry value chain and address the challenges facing our planet:

IMPROVING NUTRITION AND PERFORMANCE
